

INTERSCAMBIO ITALIA-SVEZIA

2017-18

Calmare International School

I.T.A.S. "Chimiri", Catanzaro

BENVENUTI!

Kalmar 09/09 2017 – 16/09 2017

We hope you will enjoy your week in Sweden!

Our history

Calmare International School is a modern upper secondary school with light premises, located in the center of Kalmar. The school was funded in the year 2000 and has local owners.

CIS offers education in social science, natural science, economy and technic.

CIS has student exchanges with Spain, Italy, France, Germany, Japan, Poland, Latvia, Iceland, Estonia and The United states of America. Our students appreciate these exchanges and argue that the exchanges give knowledge, memories and new, interesting contacts. An exchange involves the students staying in each other's families and attending each other's schools. Every year, the CIS-students can apply for about 50 travel scholarships.

At CIS, each student has a mentor in the working-life.

CIS is convinced that upper secondary school should be a natural part of the society we live in. To us, it is important that the school cooperates with business life, public sector and different kinds of organizations.

As a student, you shall be able to connect the knowledge you have acquired in school working-life and at the same time establish contacts for the future. Thus, you and a friend will share a mentor who functions as a support for you during year two and three of upper secondary school.

Responsibility Dedication Respect

	Sabato 9 sept	Domenica 10 sept	Lunedì 11 sept	Martedì 12 sept	Mercoledì 13 sept
