

**ETWINNING PROJECT**  
**FROM NORTH TO SOUTH /FROM SOUTH TO NORTH**

**SCAMBIO CULTURALE TRA LA SCUOLA ITAS B. CHIMIRRI DI CATANZARO  
E LA KALMARE INTERNATIONELLA SKOLA SVEZIA.**

**ABOUT THE PROJECT**

**TITLE: FROM NORTH TO SOUTH /FROM SOUTH TO NORTH**

**PARTNERS: ITALY-SWEDEN**

**AIMS**

- Enrich students' "European Identity"
- Broaden their knowledge of other European countries and cultures,
- Exchange views on different cross-curricular topics (Healthy Lifestyles, Environment, Free Time Activities...);
- Improve their ITC skills and communicative skills in English and provide a real purpose for using English and ICT.

**DURATION: 2 years**

**LANGUAGES: English, Italian**

**STUDENTS INVOLVED: 10/15 students from 15 to 18**

**WORK PROCESS/ACTIVITIES:** Project work, group work; exchange letters, photos and information by e-mail, interviews/ survey; creating PowerPoint Presentations and a webpage.

**SUMMARY:**

**PART 1: March/April**

**"GETTING TO KNOW OURSELVES":**

Students exchange letters , photos ,videos introducing themselves, their hometowns,schools. All the materials will be published on schools' website ,on a facebook page etc.(photo galleries).

#### PART 2: Maggio

##### “OUR COUNTRIES :DIFFERENCIES AND SIMILARITIES

Students exchange information about their countries starting from a geographical point of view (flora ,fauna, climate) to a political one. They could work with their Geography or Biology teacher and create some multi-medial works or charts on a virtual board.

All the topics studied could be experimented in their stay in the host country, through special guided tours (natural reserves or parks ; archeological areas; etc).and then they carry out a survey at their school.

#### PART 3:Settembre/ottobre/novembre/ dicembre/ gennaio

##### “OUR LIFESTYLES”:

Students start to exchange information about their own daily routine . They could carry out a survey at school on healthy/ unhealthy teenagers' living habits. Together with a Math teacher they could prepare a statistics of the results which will be published on the webpage and together they could realize a document “Tips to be a healthy teenager”.

#### PART 5: Febbraio/marzo/aprile

##### “GREETINGS”:

Students think about the way the project helped them to increase their knowledge on the topics proposal and manage their visit to the host country.

**September: Visit to Sweden**

**May: Visit to Italy**

##### EXPECTED RESULTS:

- English /Italian language skills improvement
- ITC improvement
- Increasing of scientific knowledge concerning the project topics
- Increasing sense of initiative and entrepreneurship;
- Increasing self confidence,;
- stimulating inter cultural awareness and civil participation.
